

# Recruitment Partnership

## THE OPPORTUNITY TO SHOW OUR CANDIDATES ALL WE HAVE TO OFFER

We all know our community is one of a kind. We know it's an amazingly beautiful, diverse and exciting place to live. Even still, it can be difficult to **attract new, qualified candidates from outside the area**. We think we can sweeten the deal by partnering as local business leaders to help them see the benefits of our area and move not just themselves, but their families!!

### By Partnering We Can:

- **Share qualified candidates in the community**
- **Place spouses or partners in great jobs**
- **Partner to create more attractive relocation packages**
- **Be well informed of what other opportunities are available**
- **Share our successes (what got your candidates here?)**

Together we can show our candidates that we are more than just a place to live, but truly a community that works together!
